CCD-02-15 (LDV/LDT, ICI)

Dear Manufacturer,

SUBJECT: Notice of EPA/Industry Compliance Meeting - November 7, 2002

EPA's next regular meeting with the light-duty manufacturing industry to discuss compliance topics of mutual interest has been scheduled for Thursday, November 7 at 10:00 AM in the lobby conference room of the NVFEL Office Building, 2000 Traverwood, Ann Arbor, Michigan. The length depends on the number of questions we receive. We have reserved the room until 4:00 PM, but based on previous meetings we expect we will not need that much time.

We plan to discuss items of general interest pertaining to light-duty vehicle compliance, including certification, in-use, and fuel economy. A few CFEIS-related items will also be on the agenda. You may submit any questions of general interest on the above topics in advance to Eldert Bontekoe by no later than October 18, 2002 (email: bontekoe.eldert@epa.gov). We will take questions from the floor, time permitting.

These meetings are intended to assist your company through the EPA emissions and fuel economy compliance process. Your participation is most welcome, and your feedback will be used to determine the direction that future meetings of this type will take.

Sincerely,

A handwritten signature in black ink, reading "Gregory A. Green".

Gregory A. Green, Director
Certification and Compliance Division
Office of Transportation and Air Quality
